

Barrington Middle School Building Project

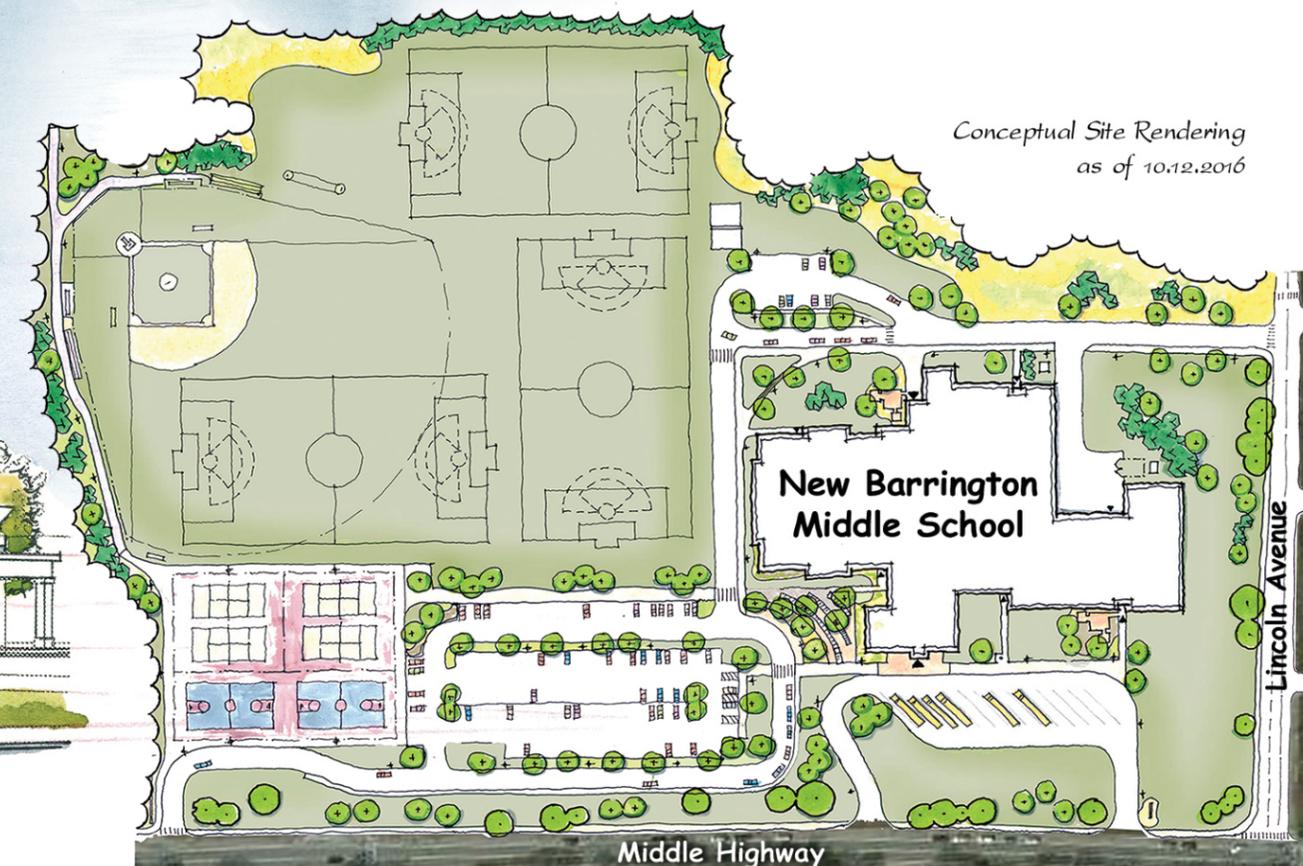

For more information, visit: www.bmsproject.com

- ★ The proposed project includes the design and construction of a new 142,500 SF one-story building with a three-story classroom wing on the site of the existing Barrington Middle School.
- ★ The new Barrington Middle School will provide a 21st century learning environment that will support the rigorous educational program for which the Barrington Public Schools are known.
- ★ The new facility includes flexible classroom spaces for project-based, collaborative learning and is designed to enhance interdisciplinary and STEAM (Science, Technology, Engineering, Arts, and Math) teaching and learning.
- ★ The new building will be energy efficient and will have upgraded safety and security features.
- ★ The total project cost will not exceed \$68.4 million.
- ★ State reimbursement for the project will be a minimum 35% of eligible project costs, a minimum of \$16 million.
- ★ The estimated property tax rate impact of a 25-year, \$68.4 million bond, at a conservative rate of 3.4%, net of State reimbursement, will be \$1.12 per \$1,000 assessed value.
